

Girl Scouts of Michigan Trails Patch Program

A Field Trip Through Time

Take a field trip through time and explore the 50s, 60s, 70s, 80s and 90s.

The first leg of the trip is the 1950s, where girls will encounter tailfins and Hula Hoop® toys, "I Love Lucy," Civil Rights, saddle shoes, drive-ins and much more.

The 1960s, the second leg of the trip, will include encounters with the first Barbie® doll, the first Ford Mustang, John F Kennedy, Martin Luther King Jr., and shopping malls.

The third leg of the trip, the 1970s, will explore, Women's rights, Monday Night Football, VCR's, the Bicentennial and disco dancing.

The 1980s segment explores the impact of technology, the fall of the Berlin Wall, the first launch of the space shuttle, and the uncovering of the AIDS epidemic. Oh, let's not forget those cute Cabbage Patch Kids®.

On the last leg of this trip, the 1990s, they will explore Cultural Diversity, the World Wide Web, Junior Golf and Inline Skating. This last leg will help show the girls how all these events have affected their lives.

The packets used for this program are the US Postal Service "Take a Field Trip Through..." There is a packet for each decade. Each packet contains a resource guide, poster, 30 topic cards, 10 lesson cards and 10 comic books. These may be checked out from the Resource Room. Please remember not to write in the packet, however, the pages in the resource guide maybe copied.

This program consists of a main patch with a rocker for each decade. To earn the patch, the troop must complete the "Our Perception Activity."
